Official Records

The District is required to maintain a permanent student record which includes the student's legal name and the student's ~~legal gender~~sex indicated on their birth certificate. The District will change a student's official records to reflect a change in legal name upon receipt of documentation that the student's legal name or gender has been changed pursuant to a court order or through amendment of state or federally-issued identification.

To the extent that the District is not legally required to use a student's legal name and legal gender on school records or documents, the District ~~should~~ shall use the name and gender by which the student identifies. In situations where school employees are required by law to use or report a student's legal name or ~~legal gender~~ sex indicated on their birth certificate, such as for standardized testing, ~~school staff~~ the District will facilitate and support staff in the adoption and implementation of ~~should adopt~~ practices to avoid the inadvertent disclosure of such confidential information.

Confidential Health or Educational Information

Information about a student's gender status, legal name, or ~~gender sex assigned at birth~~ indicated on their birth certificate may constitute confidential medical or educational information. Disclosing this information to other students, their parents, or other third parties may violate privacy laws, such as the federal Family Education Rights and Privacy Act (FERPA) (20 U.S.C. §1232; 34 C.F.R. Part 99). Therefore, school employees ~~should~~ shall not disclose information that may reveal a student's transgender status to others, including parents and/or other school personnel, unless legally required to do so or the student has authorized such disclosure.

Restroom Accessibility

Students will be allowed to use the restroom that corresponds to the gender identity they consistently assert at school. Any student, transgender or not, who has a need or desire for increased privacy, regardless of the underlying reason, ~~should~~ shall be provided access to an alternative restroom (e.g., staff restroom, health office restroom). ~~No student should~~ will be required to use an alternative restroom because they are transgender or gender nonconforming. If school administrators have legitimate, immediate and reasonably foreseeable concerns that are not speculative about safety or privacy of students as related to a transgender student's use of restroom, they should bring those concerns to the attention of the District's compliance coordinator.

Locker Room Accessibility

The District will provide students with the option to access the locker room that corresponds to their gender identity. Use of locker rooms by ~~transgender or gender nonconforming~~ students actively transitioning will be ~~addressed~~ assessed on a case-by-case basis through the ~~planning~~ support process previously outlined, with the goals of ~~this process are to~~ maximizing the student's social integration and equal opportunity to participate in physical education classes and athletic opportunities, ensuring the student's safety, modesty and comfort, and minimizing the stigmatization of the student. ~~In most cases, the District should provide the student access to the locker room that corresponds to the gender identity consistently asserted at school.~~

Any student—transgender or not—who has a need or desire for increased privacy, regardless of the underlying reason, ~~should~~ shall be provided with a reasonable alternative changing area, including, but not limited to:

- Use of a private area (e.g., nearby restroom stall with a door, an area separated by a

curtain, an office in the locker room, or a nearby health office restroom):

- A separate changing schedule (e.g., utilizing the locker room before or after the other students).
- Any additional other accommodations designed at individual schools, and approved in advance by a district level administrator, to address the privacy and safety needs of all students.

~~Any student—transgender or not—who has a need or desire for increased privacy, regardless of the underlying reason, should be provided with a reasonable alternative changing area, such as the use of a private area (e.g., nearby restroom staff with a door) or a separate changing schedule.~~

Any alternative arrangement ~~should~~ will be provided in a way that protects the student's ability to keep ~~his or her~~ their transgender status private. No student, however, will be required to use a locker room that conflicts with ~~his or her~~ their gender identity.

Sports and Physical Education Classes

The District will provide all students, the opportunity to participate in physical education and athletic programs/opportunities in a manner that is consistent with their gender identities.

A student may seek review of ~~his or her~~ their eligibility for participation in interscholastic athletics by working through the Washington Interscholastic Activities Association (WIAA).

Dress Codes and Communications

The District will permit students to dress according to the gender identity with which they consistently identify and ~~should~~ shall be addressed and treated using the name and pronouns of their choice, (i.e., “~~he~~” and “~~him~~” or “~~she~~” and “~~her~~”). School dress codes will be gender-neutral and will not restrict a student's clothing choices on the basis of gender. Dress codes ~~should~~ will be based on educationally relevant considerations, apply consistently to all students, include consistent discipline for violations, and make reasonable accommodations when students require an exception. Such exceptions may not result in substantial disruption of the educational environment or compromise school health or safety (e.g., prohibition on wearing gang-related apparel).

Discrimination and Harassment Complaints

Discrimination on the basis of gender identity or expression is prohibited within the District. Complaints alleging discrimination based on a person's actual or perceived gender identity or expression are to be taken seriously and handled in accordance with Procedure 3210P. This includes investigating the incident and taking age and developmentally-appropriate corrective action when needed. Anyone may file a complaint alleging a violation of this policy using the complaint process outlined in the Procedure 3210P. Complaints alleging harassment, intimidation, or bullying (HIB) will be handled using the complaint process outline in Procedure 3207P. Complaints alleging or discovered to involve potential violations of the District's prohibitions of HIB and discrimination must be handled under both 3207P and 3210P.
